1. It is becoming increasingly evident that American dependence on foreign oil, especially oil from countries that support and export terrorism and radical Islamic ideology, poses a growing threat to our national security. There has been considerable discussion of alternative energy such as wind and solar, but neither provide any significant solution for the liquid energy needs of our transportation sector, at least for the foreseeable future. Would you support or oppose each of the following proposals to help move America's transportation sector away from foreign oil dependence and thus better protect our national security?

a. Open Fuel Standard legislation, which would require, within five years, 50% of new automobiles, and within seven years, 80% of new automobiles, sold in the United States, be flex-fuel vehicles warranted to operate on gasoline, ethanol, and methanol, or be warranted to operate on biodiesel.

3. Islamic sharia law, as applied in various Islamic countries, includes provisions that a woman's testimony in court is only equal to half a man's testimony; that criticism of Islam or the prophet Mohammed is a criminal offense; that adulterers can be stoned to death; that men can have multiple wives; and that men can marry girls as young as age nine. Great Britain currently has an estimated 85 sharia courts, and there are now some Muslims in America calling for sharia law to be implemented here. Would you support or oppose the application of sharia law in civil and criminal actions in the United States?

4. Some American banks and investment firms are participating in an Islamic form of financing known as "Sharia-Compliant Financing." Under the rules of Sharia-Compliant Financing, a bank or investment firm is required to have a Sharia advisory board that dictates where and how funds are invested. The bank or investment firm is also required to give a percentage of its profits to Muslim charities as directed by the sharia advisory board, which raises concerns because numerous Muslim charities

13. According to the Pew Hispanic Center, 1 in every 12 babies born in the United States have at least one parent whose presence here is illegal. This year a number of media sources have reported on the increasing practice of what is called "birthright tourism," where pregnant non-U.S. citizens come to the U.S. to give birth so their children automatically receive U.S. citizenship. One news report revealed how an American hotel actually advertises its "birthright tourism" services. As a result, there are growing calls for congressional hearings to address this issue and examine a possible reinterpretation of the 14th amendment to the Constitution, under which "birthright tourism" is now allowed. Would you support or oppose such congressional hearings?
