To my friends at *ACT! for America*:

Today, Speaker Boehner announced that the House will vote on legislation to create a Select Committee to investigate the September 11, 2012 terrorist attack in Benghazi. Over the last year-and-a-half many voices have joined mine to see the achievement of this important milestone. One of the largest and loudest of those voices has been *ACT! for America*, whose 280,000 grassroots members worked tirelessly on this matter. Their efforts back home in their towns and communities resulted in a groundswell of congressional support for a special committee and today, over 80 percent of House Republicans support my Benghazi resolution as cosponsors. *ACT! for America* is a shining example of what can be achieved when individual Americans speak together with one voice.

Best wishes.

Sincerely,

Frank Wolf
Member of Congress
